Body

Feet

Rear Leaf  
Right

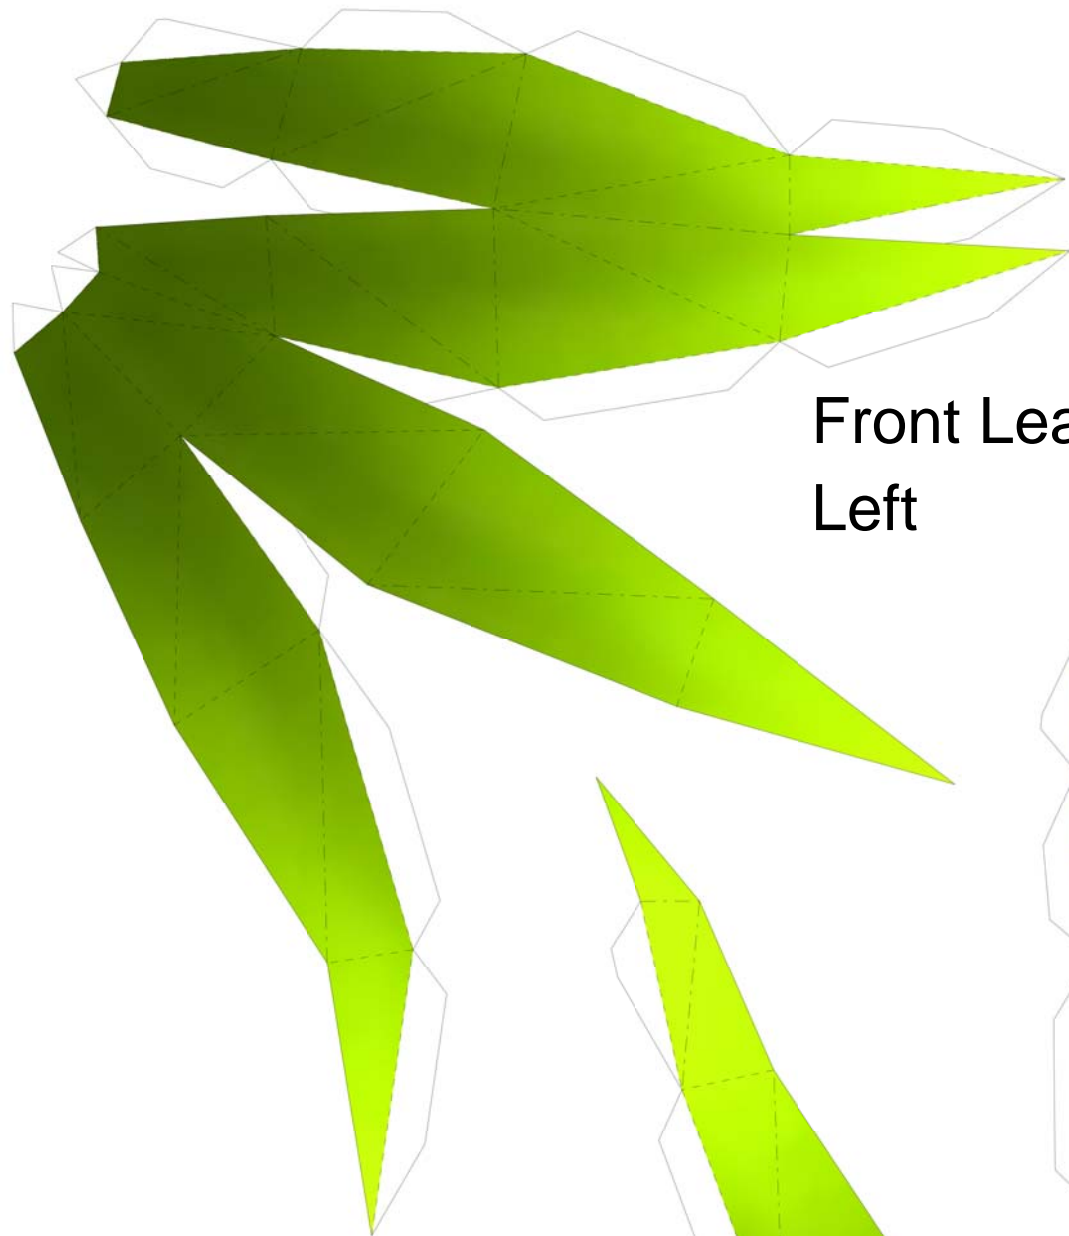

A 3D model of a plant with four leaves. The leaves are rendered with a green-to-yellow gradient and a faceted, polygonal texture. The leaves are arranged in two pairs: one pair on the left and one pair on the right. The top pair is labeled 'Rear Leaf Left' and the bottom pair is labeled 'Front Leaf Right'. The leaves have a serrated edge and a central vein. The model is set against a plain white background.
