**HEAD**

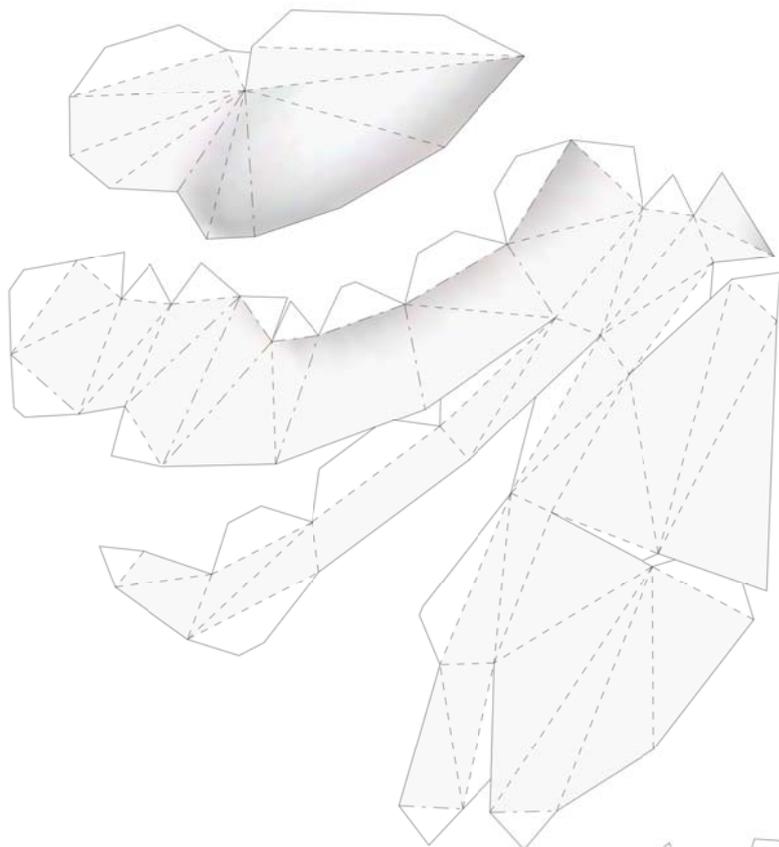

NECK

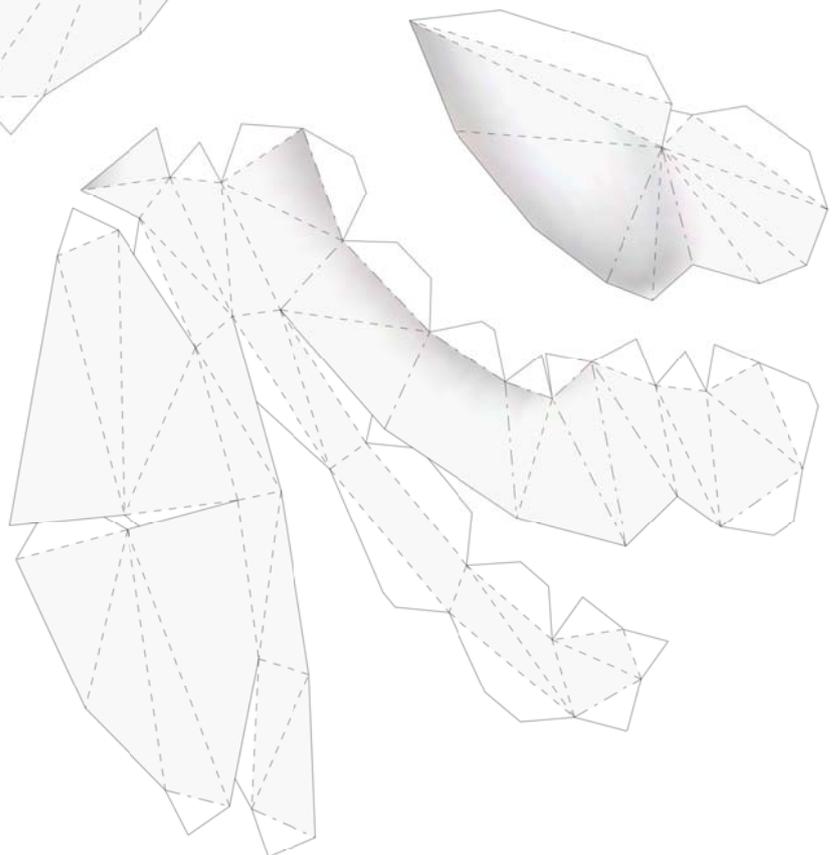

BODY

**RIGHT WING**

**LEFT WING**

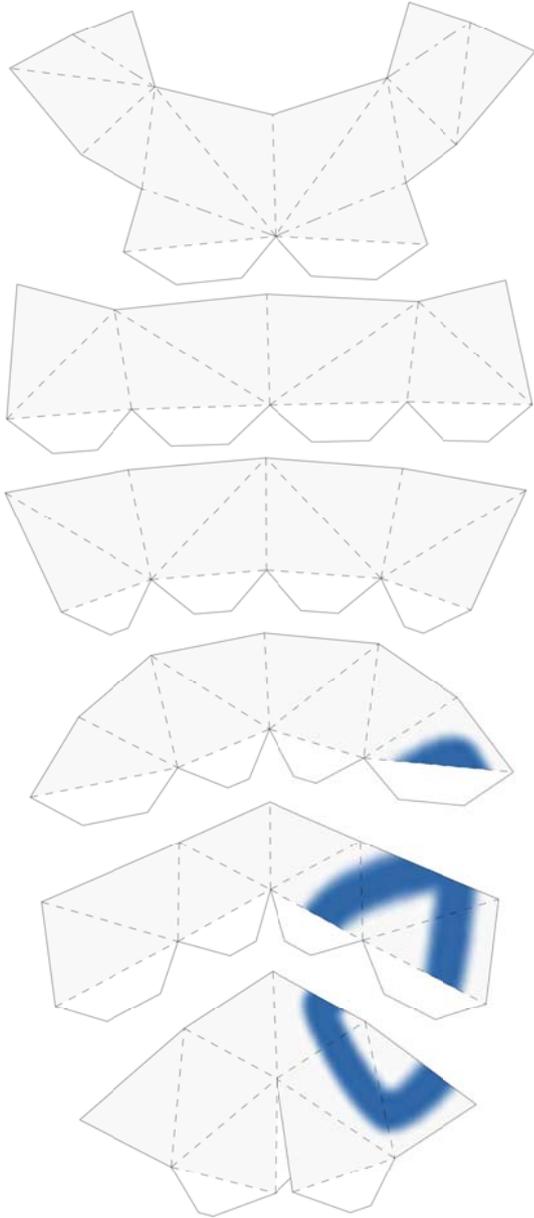

**BUILDING TOGETIC:**

Start at the face and work your way down,  
adding arms and wings along the way.

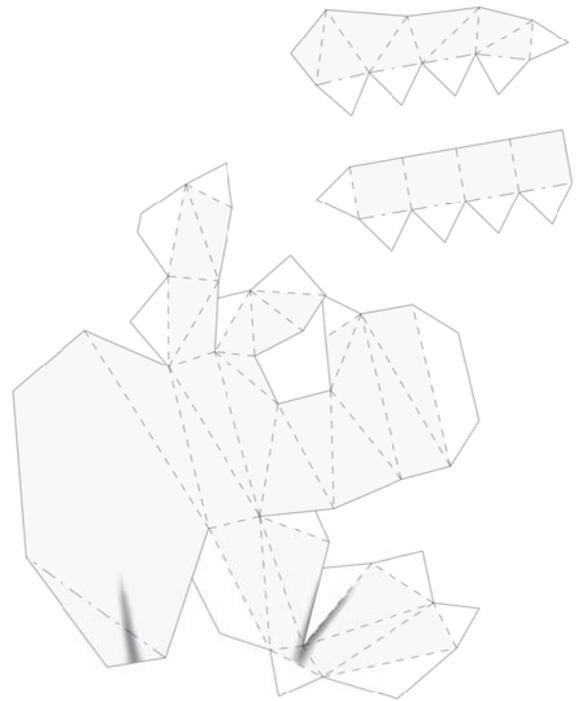

Close at the butt (look for the tabless piece)  
and use the leg holes to apply pressure (you will need  
tweezers or something skinny to reach in).

Add legs and close at feet. You may add a penny inside  
one of the feet for stability.

**BACK**

**RIGHT FOOT**

**LEFT FOOT**
