1

8

9

NOSE

Start with the nose and work your way around it.
(Let the numbers guide you.)

10

11

12

MOUTH

Build the roof of the mouth by gluing piece 10 to 11.
Then glue this piece to the finished part of the head.
Then attach the bottom of the mouth (glue 12 to 11).

38 **39**

TR   TL

TEETH

R3   **44**   **45**   L3

R2   **42**   **43**   L2

R1   **40** **41**   L1

TR - top right
TL - top left
R1, R2, R3 - bottom right (front to back)
L1, L2, L3 - bottom left (front to back)

37

TONGUE

You may assemble and attach the tongue
and teeth anytime the head has been
completed, or you may wait till you've
completed the rest of the model.

13

14

CHIN

Complete the head by assembling the chin pieces,
then move on to the body.

15

BODY FRONT

16

23

18

20

24

25

**17**

In building the hands, make sure to score and fold the fingers neatly, then fold it over onto itself. Then build the arm around the hand.

19

**RIGHT ARM AND FINGERS**

**LEFT ARM AND FINGERS**

BODY BACK

21

Attach 21 and 22 after attaching the arms. Move on to pieces 23 to 26. Then move on to the legs and feet.
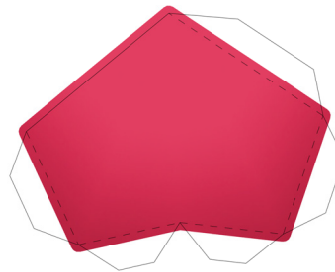

22

26

TAIL

TAIL SPINE

36

Score and fold the spines neatly and glue to Totodile's back. Do same for the tail spine.

35

BACK SPINE

27

31

28

32

RIGHT LEG   LEFT LEG

Build from thighs to feet.
(27 thru 30 then 31 thru 34)
